POWERHOUSE COMMUNITY CENTER CELEBRATES TENTH ANNIVERSARY

On December 10, 2009 the Friends of the Powerhouse and the public celebrated the tenth anniversary of the opening of the Powerhouse Community Center.

In 1997 the Powerhouse Committee, which was later renamed the Friends of the Powerhouse, was formed to work with the City of Del Mar to preserve the Powerhouse building on Coast Boulevard. In two years of fundraising in the community, the Powerhouse group gathered more than \$400,000 for the project. The building was then upgraded and transformed, and in 1999 the new Powerhouse Community Center opened its doors to the public. Today the Powerhouse Community Center is a hub of cultural and social activity in the community of Del Mar.
